"Sharan was extremely professional and ensured that I got the support that is required by any client. She further ensured that even though the buyers Solicitors were less professional than expected, the closure was done to the mutual satisfaction of both the parties." **Property Investor from Zurich, Switzerland – January 2020**

"Fozia was excellent throughout. This is the only person I had contact with and I could not be more satisfied. The level of client service and Fozia's technical expertise are a huge asset to your firm. I would not hesitate to recommend her to friends and colleagues. I have used a number of other firms in the past for more straightforward transactions and the experience in all cases has been inferior to Kingfields." **Property Investor, Doha, Qatar – June 2019**

"I was very impressed with Harjit and the team at Kingfields, I had a stress free sale of my property" **Property Investor, Berkshire – January 2018**

"Words cannot express my gratitude for all the help you rendered and the great effort you specially put in to ensure that we complete the purchase of the property today. I heard from the seller that you even worked from home during the Easter holidays and goes to office early to get things going. I have been blessed and I am sure great blessings will always go your way to bless you too. Thank you so much." **Property Investors, Singapore – May 2017**

## **INDICATIVE IMMIGRATION LEGAL FEES**

---

### **OUR FEES FOR INDIVIDUALS**

Most of our services are offered on an hourly rate basis, and as many of our clients' matters are complex and often involve multiple parties, there is rarely a typical case. Our clients are given an estimate of costs after our initial meeting or as part of the engagement process. There are some areas where we can be more indicative. In order to comply with the Solicitors Regulation Authority (SRA) guidance on price transparency, we have published our price and service information where it is possible to be upfront about charges without knowing all the details of the matter.

### **Price information for private individuals**

This information is intended to inform private individuals about our fees for immigration and nationality matters. These fees do not apply to work undertaken for corporate clients.

We have set out the hourly rates for lawyers at different levels. Full details of the specific qualifications of each of our fee earners can be found [here](#).

The key members of the team working with private individuals are:

- Naresh Kapoor
- Krishan Dassaur

The rates and fee estimates are exclusive of VAT. Professional fees will be subject to VAT at 20% where this is applicable.

These rates are subject to annual review.

- Partners - £400 - £500
- Consultant Lawyers - £350 – £450
- Legal Counsel - £295
- Senior Associates - £275 - £300
- Associates - £250 - £300
- Immigration Managers - £250 - £275
- Legal Assistants - £175
- Trainee Solicitors - £175
- Paralegals - £150

As each matter will involve work by a Consultant Lawyer, an associate or senior associate and a paralegal/legal assistant/trainee solicitor, the estimate of hours is based on an average hourly rate of £300 to reflect the involvement of lawyers at different levels.

Your matter will always be supervised by a partner. Work will be completed by lawyers of varying experience. The estimated fee quotes are premised on the work being completed by lawyers across a range of levels, with time estimates using an average hourly rate to reflect the involvement of different lawyers. The time spent by lawyers at various levels will vary depending on several factors, including the complexity and nature of the matter. The quotes assume that an appropriate level of lawyer conducts each stage of the work. If a client prefers work to be completed at a higher level, this will, of course, impact fee estimates.

The estimates set out here have been provided to give a range of likely fees for standard applications. Once we have further information about your personal circumstances and the nature of the assistance you require, we may be able to agree on a fixed fee.

Your fee estimate or fixed fee would be agreed prior to us formalising our engagement with you.

For many years, the Kingfields immigration team has been advising individuals and businesses on UK immigration and nationality law. The below fee quotes relate to work undertaken for individuals and are intended to provide an overview of some of the most common application types.

For details as to whether Kingfields will be able to assist with your specific immigration and nationality query and to receive a fee quote tailored to your specific requirements, please contact us.

This fee quote assumes you meet the requirements of the Immigration Rules, EEA Regulations or British Nationality Act 1981 (as applicable) without requiring discretion to be exercised.

It also assumes no other factors make the application more complex, such as a criminal record or a history of non-compliance with UK immigration.

The exact number of hours it will take to complete the entire process or each phase or application depends on the circumstances in your case.

Such as:

- The complexity of the legal issues involved.
- The urgency of the matter.
- The level of documentation available and any issues in obtaining this.
- Where the application is being made and any particular additional services you wish to use.
- Whether the application is an initial one, an extension or an application for indefinite leave to remain.
- Whether there are any dependants and their personal circumstances.
- The nature and number of any required supporting statements.
- If we are required to liaise with third parties such as accountants or financial institutions.
- If Counsel is required to provide written advice and/or to represent you as part of an appeal process.
- The number of tribunal appearances required.

## **What services are included?**

The work will involve:

- Taking full instructions from you to provide initial assessment, advice on the key requirements and how these apply to your circumstances.
- Providing a comprehensive list of necessary documents and information, and templates where appropriate.
- Reviewing and collating supporting documents.
- Liaising with third parties where required to obtain additional evidence.
- Preparing the relevant application forms, submitting these on your behalf and booking any necessary appointments.
- Drafting a comprehensive covering letter in support of your application.
- Advising on the application submission options and procedure and on likely time frames.
- Advising you on the outcome of the application and explaining your new immigration or nationality status, including information about how to remain compliant with your visa conditions and the eligibility criteria for extensions and indefinite leave to remain.

The costs quoted here do not include any disbursements related to your matter. Disbursements are costs associated with your matter that are payable to third parties, such as visa fees. We handle the payment of disbursements on your behalf to ensure a smoother process.

The processing times for your application will vary depending on the application service you select and where the application is being made. We cannot guarantee how long the Home Office will take to process your application, but we can give further information on the application options and likely time frames as part of the advice we will provide you if instructed.

Please note the anticipated number of hours and fees are an estimate. All applications are likely to vary, and of course, we can give you a more accurate estimate once we have more information about your specific case.
