

CONSULTANCY
PROGRAMME
NOW HIRING

If you are looking to improve your work/life
balance without compromising your earnings
then contact at
mail@kingfields.co.uk

Kingfields has created a Consultancy Programme that will allow you to work for yourself, where you decide:

- The hours you want to work
- The location you want to work from
- Set your own fee structure and targets

Thereby freeing you from endless internal meetings, office politics and managing your own regulatory obligations.

We recognise that being a lawyer can be stressful and can take away from your family life.

Our business model allows you greater freedom, flexibility and control to manage your work/life balance precisely as you choose.

Imagine getting away from the rush hour commute! Our technology, infrastructure and forward-thinking mindset allow our lawyers to take back control.

Every consultant works in a way they want so that they can focus 100% on the needs of their clients while also getting their own work/life balance exactly right.

Why work at Kingfields?

You won't be working for Kingfields, you will be working for yourself, but under the Kingfields "umbrella" and with our full support.

That is an entirely different mindset.

One that gives you a sense of independence, freedom and control. It's an entrepreneurial mindset, where your success, your future and therefore your rewards are in your own hands.

We merely give you the platform to thrive and the comprehensive business and administration support system including regulatory and compliance support to succeed.

Everyone needs a helping hand!

We realise that one of the reasons why you have chosen to become a consultant lawyer is because you don't want to get "bogged down" with the administration task or the reasons discussed above.

Don't worry, we have got your back!

We have a team of paralegals and secretaries who will be able to provide you with all the administrative support you need. They can assist you with typing your letters, reports or forms and sending them out for you.

A woman with long, flowing blonde hair is seen from behind, running through a lush green field. The sun is low on the horizon, creating a warm, golden glow and long shadows. She is wearing a yellow lace top and a black skirt with white floral patterns. A teal banner with white text is overlaid on the left side of the image.

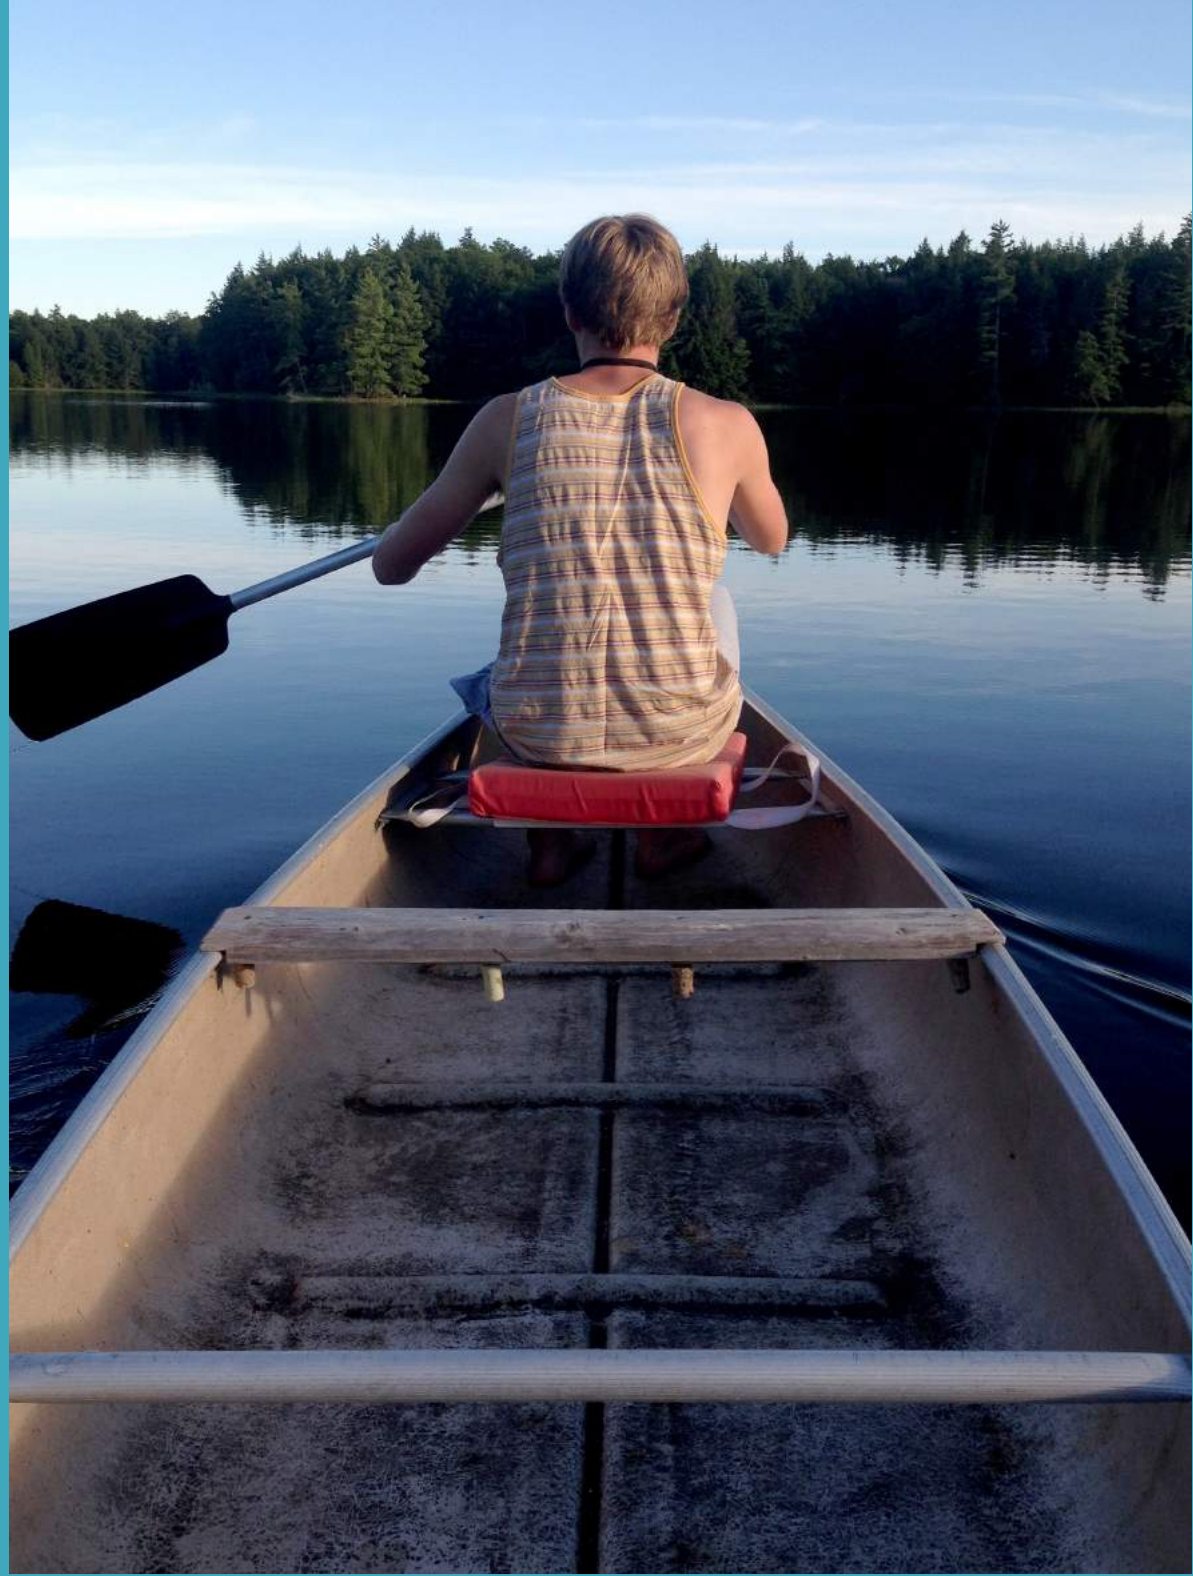

**Benefits
of
working
with us!**

- Our team of bookkeepers will update you on financial matters relating to your clients and process payments.
- Our office managers will ensure that everything is running smoothly in the back office while you concentrate on keeping your clients satisfied.
- Our COFA, COLP and MLRO are also available to support you when you need them.
- We call this our 'engine room' and it is there to provide you with the best support system so that you can concentrate on taking care of your clients.

The legal market has changed. Lawyers are no longer looking for a partnership, where the word 'Partner' is merely a title which comes with additional stress, long working hours and endless internal meetings.

You don't want to lose your passion for practising law but you want to enjoy it.

A woman with long blonde hair, wearing a light blue denim shirt, is holding a vintage Zenitar-M camera. She has red nail polish and is wearing a brown leather bracelet on her left wrist and a red watch on her right wrist. The camera is black with a lens that has 'ZENITAR-M' and '1:2.8 40' written on it. The background is a blurred outdoor scene with autumn leaves. A teal diagonal overlay covers the top left corner of the image.
